Guy Harvey and Vaughn Cochran Team to Create Black Fly Bimini at the Bimini Big Game Club, a Guy Harvey Outpost Resort & Marina

## Press Release

FORT LAUDERDALE, FL  
OCTOBER 5, 2010:

Guy Harvey announced today he is teaming with fellow artist, conservationist and fly fishing personality, Vaughn Cochran, to launch Black Fly Bimini, a Guy Harvey Outpost Outfitter operation.

Opening in late October 2010, Black Fly Bimini will operate out of the newly reopened Bimini Big Game Club, a Guy Harvey Outpost Resort and Marina.

"I am extremely pleased to bring Vaughn's passion and knowledge of flyfishing to the Big Game Club", noted Harvey. "This legendary Club overlooks flats abundant with bonefish and permit, and Vaughn has just the skills to help us promote Bimini's remarkable back-country fishery for its great fishing and mesmerizing natural beauty." Black Fly Bimini will organize all of the Big Game Club's back-country fishing programs, with on-site staff, operations and merchandising support. Based in Jacksonville, Florida, Cochran and his fly fishing wife, Jean, oversee Black Fly Inc., a collection of enterprises featuring fly fishing merchandise, art and travel. The couple, along with partners Capt. Clint Kemp and Capt. Paul Pinder have recently opened [Black Fly Bonefish Club](#), their newest lodge, located at Schooner Bay on Great Abaco Island in the Bahamas.

Commenting on the opportunities Cochran foresees for Black Fly Bimini:

"Bimini is one of those rare locations where you can have world-class back-country and offshore fishing just minutes from the dock. Guy and his Outpost team have restored the Club to its rightful place as a legendary out-island destination for top-of-class offshore anglers. Now with the help of the island's legendary bonefishing guides, we're going to revitalize awareness of the great bonefishing that Bimini offers."

"Hands down any day, for a pure adrenaline rush, the Grey Ghosts of Bimini can hold their own against the Man in the Blue Suit", Cochran added referring to the Blue Marlin that is synonymous with Bimini's reputation among off-shore anglers. In addition to featuring Guy Harvey sportswear and gifts, the Outfitter shop at the Bimini Big Game Club will feature Black Fly merchandise and fly fishing supplies, including assorted flies developed especially for conditions on the Bimini flats.

#### About Vaughn Cochran

A Florida native, Cochran grew up in the art community of St. Augustine and earned art degrees in ceramics and painting at the internationally known and respected Art and Printmaking Department of the University of South Florida.

Arriving in Key West in 1972, he started his fishing career, while becoming an original member of Jimmy Buffett's Coral Reefer Band. Becoming one of the most respected fly fishing guides in the Florida Keys, Cochran later managed some of the legendary fishing lodges of the Caribbean and Central America, including Parismina Tarpon Rancho in Costa Rica and Turneffe Island Lodge in Belize. Along the way, he nurtured his artistic calling, and today his works are found in numerous private and

corporate collections, including a recent one-man exhibition at the IGFA's main gallery.

"Although I still enjoy painting the traditional fishing and seascape scenes that I'm known for, my newest work is in the pop style from earlier in my painting career. I started with pop art fish and have moved on to other images and icons of the fishing industry, he said." These paintings are now available as prints as are many of his more traditional scenes of the flats he fished on a regular basis.

With his quick wit and entertaining laid back style, Cochran is a frequent host and guest of various fly-fishing TV shows including the popular "Spanish Fly" with Jose Wejebe.

What started out as Vaughn Cochran's marine art gallery years ago has turned into one of the most unique destination fly shops in the U.S., Black Fly Outfitter, a full service technical fly shop specializing in saltwater flies, custom fly kits, fly rods, fly reels and clothing for tropical fly fishing destinations around the world.

The company's sumi-style Black Fly logo adorns a complete line of fly fishing merchandise, gear and gifts. Original paintings, fine art prints, ceramic tiles and art pottery, Black Fly merchandise and additional T- shirts are available at [www.blackflyoutfitter.com](http://www.blackflyoutfitter.com)

About Bimini Big Game Club, a Guy Harvey Outpost Resort and Marina

Founded as a dinner club in 1936 in Alice Town, the island's cultural hub, by Nassau entrepreneur and bon-vivant, Neville Stuart, the Big Game Club has over the last 74 years hosted world-class fishermen, major tournaments, international celebrities and tens of thousands guests looking to bask in the unique "Islands in the Stream" mantra made famous by author Ernest Hemingway who fished and lived in Bimini in the mid 1930s.

Today, the Big Game Club's Outpost concept is designed to take the resort beyond that of a "fishing lodge" (though admittedly a majority of visitors will be there for the world class fishing) to create an eco-destination attracting both fishing and diving enthusiasts while focusing on adventure travel, sustainable tourism and marine conservation.

The Big Game Club, which is located on the main navigation channel in Bimini Bay, currently features a 51-room resort and a 75-slip marina capable of accommodating boats up to 145 linear feet. By Spring 2011, a full service fuel dock will be operational. There are Phase II plans that will include a Guy Harvey Theater, guest lecture series

and interactive sessions with Dr. Harvey and the Guy Harvey Research Institute at NOVA Southeastern Oceanographic Center and day trips to the Bimini Biological Field Station's world-famous shark lab.
